**\$389**  
**10 sept - 14 sept**

Sydney is truly an amazing City to visit. Its fabulous harbour, awesome coastline and beaches combine with a vibrant downtown that offers a lifestyle unparalleled in most large metro areas. Our jam-packed weekend will take you to the hot spots that only the locals know plus some of the major tourist areas.

You'll see the city from every angle and even through waves of the harbour itself as we boat around. See the spectacular views of the Blue Mountains just west of the city. The historic Rocks area with its old pubs and live music will be the focus for one of our evenings and the clubs of Darling Harbour and Oxford Street will be explored on Saturday night.
