This winery tour is combined with a leisurely raft ride along the beautiful Goulburn River approximately 90 minutes drive North of Melbourne. You will have the opportunity to visit two historic wineries, sample the local produce and purchase any wine that tickles your taste buds.

**Highlights**

**Mitchelton Winery** - Mitchelton is set amongst the vines and grassy lawns of its property on the banks of the river. It is a "modern" winery featuring an underground cellar network and magnificent views of the surrounding countryside from its distinctive tower.

**Château Tahbilk** - Château Tahbilk is Victoria's oldest winery. Also set on the bank of the Goulburn River, Château Tahbilk is a contrast to the modern day winery. Still using many of its original oak casks and housed in the original buildings and underground cellars, Château Tahbilk will inspire an interest in the wine making process.

Both wineries offer excellent wines. Prices begin at affordable rates so bring your credit card! Our ground crew will look after your purchases while you enjoy your paddling adventure.

**Lunch on the lawns (lunch provided)**

**Easy paddling**
